

What Does Fluid Analysis Add to a Pre-Purchase RV Inspection?

Potential Savings

Engine Oil & Filter Change*	\$200 to \$300
Transmission Fluid Change	\$350 to \$600
Generator Service [Oil & Filter]	\$50 to \$100

Knowing if any of these costly maintenance items are really necessary?

Knowing, before you buy, if major repairs or further diagnostics might be necessary?

Priceless!

**Maintenance costs are based on national averages for typical class A Diesel Pusher services. Oil and coolant test reports become a permanent part of the RV inspection record. All samples are extracted and sent for processing to ISO Certified Labs by trained and certified NRVIA inspectors.*
